PASUC ADVISORY NO. 079, s. 2026

For : All SUC Presidents/Heads

From : Dr. Tirso A. Ronquillo
President

Subject : **3RD INTERNATIONAL CONFERENCE ON SUSTAINABILITY, INNOVATION, AND FUTURE TECHNOLOGIES (ICSIFT 2026)**

Date : April 14, 2026

This is to endorse the 3rd International Conference on Sustainability, Innovation, and Future Technologies (ICSIFT 2026), co-organized by ZEP Research and Sulu State College (SSC) in partnership with Polytechnic University of the Philippines (PUP), Iloilo State University of Fisheries Science and Technology (ISUFST), Far Eastern Air Transport Incorporated University (FEATI U) and Asia Pacific Society of Educators, Researchers and Professionals (APCORE). With the theme *"Sustainable Innovation: Bridging Technology and Environmental Stewardship,"* the event will be held on August 21-22, 2026, in Boracay, Malay, Aklan.

The conference will bring together researchers, scientists, academicians, industry experts, policymakers, and practitioners from across the globe to exchange knowledge, showcase innovations, and strengthen global academic and research partnerships. ICSIFT 2026 aims to promote interdisciplinary research and collaboration in the following key areas: sustainable development and environmental technologies; artificial intelligence, data science, and emerging technologies; engineering innovations and smart infrastructure; management, economics, and sustainable business practices; science, technology, and future innovations; and social sciences, education, and policy for sustainability. It supports the global initiatives aligned with the Sustainable Development Goals (SDGs) and promotes knowledge exchange, innovation showcases, education and awareness, network building, and global impact. It promises to be an inspiring platform demonstrating how new technologies can drive a more sustainable future for our planet.

The organizers have extended the deadline for abstract submissions until May 12, 2026. Presenters and interested participants may pre-register and access full event details by visiting the event's official landing page at https://www.icsift.com/.

For your reference and guidance, the event briefer is enclosed. For further inquiries, your office may contact the organizers via email at info@icsift.com.

TIRSO A. RONQUILLO, ASEAN Eng.
President

Welcome Message

Introduction

Zep Research is a global leader in advancing academic excellence and fostering innovation. Specializing in organizing impactful conferences, research initiatives, and collaboration opportunities, Zep Research creates dynamic environments where researchers, academics, and industry professionals come together to share knowledge, exchange ideas, and collaborate on groundbreaking work across various industries.

About the Conference

Theme: "Sustainable Innovation: Bridging Technology and Environmental Stewardship"

The 3rd International Conference on Sustainability, Innovation, and Future Technologies 2026, taking place in the vibrant city of Boracay, Philippines, aims to engage in discussions and identify how and where sustainability, technological innovation, and industrial futures intersect.

From 21st to 22nd August, 2026, ICSIFT will gather experts from every sphere to speak on innovative research, eco-friendly solutions, and technological advancement.

The conference involves keynote addresses, panels, and practical workshops to advance knowledge and start partnerships to promote sustainable development. With an emphasis on practical, scalable solutions and forward-thinking research, ICSIFT 2026 promises to be an inspiring showcase of how new technologies are going to drive a more sustainable future for our planet.

Organizing Partner

Polytechnic University of the Philippines,
Philippines

Asia Pacific Society of Educators, Researchers and Professionals,
Philippines

Sulu State College,
Philippines

FEATI University,
Philippines

Iloilo State University of Fisheries Science and Technology (ISUFST)
Philippines

Value

Useful for academics, researchers, and professionals looking to present work or engage in sustainability/technology discussions.

Our Vision & Mission

Movement Goal

Vision

Connect with like-minded professionals and thought leaders to spark new ideas, collaborations, and opportunities for joint projects.

Mission

The Conference on Sustainable Development aims to bring together leading researchers, policymakers, and industry experts to share knowledge, discuss challenges, and forge partnerships that will drive forward the global sustainability agenda.

Who Can Attend

The International Conference on Sustainability, Innovation, and Future Technologies (ICSIFT) is the ideal platform for exploring transformative solutions and advancing sustainable technologies.

Academicians & Researchers

Present your research, exchange knowledge, and collaborate with peers to advance sustainable technologies.

Industry Professionals

Explore innovative solutions and technologies that can drive sustainable growth in your industry.

Policymakers & Government Officials

Gain insights to develop and implement policies supporting sustainability and technological innovation.

Entrepreneurs & Startups

Discover new trends, technologies, and collaboration opportunities to fuel sustainable business growth.

Students & Emerging Scholars

Learn from experts, showcase your research, and build networks to kickstart your career in sustainability and innovation.

Environmental Advocates & NGOs

Connect with innovators and explore strategies for driving sustainable change in communities and organizations.

Call for Paper

01 Sustainable Development and Environmental Technologies

- Renewable Energy Systems and Green Technologies
- Climate Change Mitigation and Adaptation
- Sustainable Agriculture and Food Security
- Environmental Management and Policy
- Circular Economy and Waste Management

02 Artificial Intelligence, Data Science, and Emerging Technologies

- Artificial Intelligence and Machine Learning Applications
- Big Data Analytics and Predictive Modeling
- Internet of Things (IoT) and Smart Systems
- Robotics and Automation
- Blockchain and Cybersecurity

03 Engineering Innovations and Smart Infrastructure

- Smart Cities and Urban Development
- Civil, Mechanical, and Industrial Engineering Innovations
- Advanced Materials and Manufacturing Technologies
- Transportation and Mobility Solutions
- Sustainable Construction Technologies

04 Management, Economics, and Sustainable Business Practices

- Sustainable Business Models and Entrepreneurship
- Green Finance and Economic Development
- Sustainable Management and Digital Transformation
- Supply Chain and Operations Management
- Corporate Social Responsibility (CSR)

05 Science, Technology, and Future Innovations

- Biotechnology and Life Sciences Innovations
- Nanotechnology and Advanced Scientific Research
- Healthcare Technologies and Medical Innovations
- Space, Defense, and Advanced Research Technologies
- Interdisciplinary Scientific Innovations

06 Social Sciences, Education, and Policy for Sustainability

- Education for Sustainable Development
- Public Policy and Governance
- Social Innovation and Community Development
- Ethics, Technology, and Society
- Digital Learning and Educational Technologies
- Linguistic and sustainable technologies

Objectives of the Conference

The conference aims to address key challenges in sustainability through collaborative efforts and innovative approaches.

Knowledge Exchange

Facilitate the exchange of cutting-edge research, innovations, and best practices in sustainability across disciplines.

Education & Awareness

Raise awareness about sustainability issues and educate participants on effective strategies for positive change.

Network Building

Create opportunities for researchers, practitioners, and policymakers to build lasting collaborations and partnerships.

Global Impact

Develop actionable recommendations for policy and practice that can drive global sustainability transformation.

Innovation Showcase

Highlight innovative solutions and technologies that address pressing environmental and sustainability challenges.

Conference Important Dates

Key dates to remember for the International Conference on Sustainability, Innovation and Future Technologies
